

Alternative Housing Providers in the District of Parry Sound

An **Alternative Housing Provider** is a type of non-profit housing, which offers housing for people who require some support in their day-to-day living. This may include those who are homeless or who are hard-to-house because of mental health or addiction issues. It also includes housing that is for seniors only **and** that provides supports on-site.

The DSSAB has no Alternative Housing Providers in its housing portfolio. However, the following Alternative Housing Providers are located in the District of Parry Sound. Contact the housing provider directly for more information.
